Dear Client:

As part of our unyielding desire to continuously provide the highest quality of client service with a sense of social responsibility, here at RSM ROC & Company we are proud to announce that our Tax Department has recently adopted a Paperless Initiative. We are committed to offering you alternatives and tools that will help you and your business attain the maximum level of efficiency and effectiveness.

Starting this year 2012, you will be receiving your Tax Return Copies in a CD-ROM instead of a paper copy which will make it easier for you in terms of fast access to the documents and maintaining your records. You will still receive a paper copy of your original tax returns which should be filed, after they are signed and executed, with the applicable Agency. By implementing this initiative, we will help you to reduce and prevent the misplacement of important documents and provide you with less paperwork.

We trust that you will find this paperless initiative convenient while also contributing with the environment for the enjoyment of our next generations. We are grateful that you can take part of this green movement. If you have any questions or comments related to our new Paperless Initiative, we ask that you contact us at any time at your convenience.

Cordially,

***RSM ROC & COMPANY***

RSM ROC & Company is an independent member firm of RSM International, an affiliation of independent accounting and consulting firms.
